Source: Unit Crime police station Kebumen
Based on the data above shows that for 3 years last, follow criminal gambling lottery dominated compared with type gambling other. In 2013 the gambling lottery alone already reached 141 cases, then in 2014 the total number of cases was around 127 cases, not long ago in 2015 it was still superior to the gambling lottery which is still more many compared with the other gambling is 71 cases. Of course, no can be denied again, that gambling possible lottery considered in mechanism the game easier or more interesting for followed. Amount case gambling lottery alone, until the moment this is still blooming occur among society. Specialized again with the act of criminal gambling, the lottery is still tall compared with types of gambling other.

Research results through Interviews with some parties show that some factors cause Public Kebumen still often to act criminal gambling especially gambling lottery, one factor main is condition weak economy as is known that city Kebumen is city poorest with order number 2 (two) after city wonosobo. According to Dede Suntoro S. Sos Head Ward Kebumen (interview, 3 March 2017) that:

According to an observation I as head The incumbent village head not enough more for 2 (two) years, factor economy Public Kebumen here can made one factor why they often To do gambling which lottery state urgent economy added with goods needs more expensive trees. Besides it's also that society, in general, To do act criminal gambling specifically lottery is a community that has professionals like workers, motorcycle taxi drivers, farmers, and also drivers angkot.

Besides that, he also added that: Following the criminal gambling lottery that occurred in the Polres Kebumen sometimes enough troublesome officers, in the handle, because time and place that is not could specify, meaning implementation activity gambling the conducted no stay one places, but in different places as well as no time can make benchmark (interview, March 3, 2017).

In addition to social status and difficulty looking for work, other factors also become factors why the Public To do act criminal gambling lottery. Like as described by Bhabinkamtibmas police station Kebumen City Police Brigadier Muhammad Ridhowi on March 3, 2017, as follows:

During the implementation of Duty I as Bhabinkamtibmas here, indeed many people play the gambling lottery because want to fill in time free or just fad. Besides that's also because the inhabitants Public many are lazy to look for a profession positive, then from that Thing, this is what becomes domino effect for them, who in the end they tempted for play lottery where Thing that could produce money with fast without bothering lousy (interview with Ridhowi, March 3, 2017).

It is also strengthened with a statement from Kanit Bintibmas unit police station Kebumen on Friday 3 March 2017 which says thus:

In general, the perpetrators act criminal gambling lottery here have a profession like laborers, farmers, motorcycle taxi drivers, and drivers. Every day, they do gambling the lottery when felt time is empty. Finally, because of Thing, they choose to play gambling (interview with
Factor Supporters And Inhibitors In Frame Prevent Happening Follow Criminal Gambling lottery In the Legal Territory of the Police Kebumen

Based on the results Interview writer with Invisibility Binmas police station Kebumen related factor blocker Bhabinkamtibmas in skeleton prevents act criminal gambling lottery at Polres Kebumen as follows:

Many factors influence, not only police station Kebumen itself but also factors external that society and the environment. From the Police Kebumen alone have an adequate budget, I think the facilities are sufficient, however from aspect source power human-like needs something construction both in the mental and ability work. This thing could give through activity religious for mental coaching and training or vocational for the ability it works. From the community and the environment, could see how the Public trusts existing characters in society, compared back to the police. Possible just there is fear from the Public to report because of the existence of a threat from the perpetrator or can just from factor person the final police make the Public reluctant (interview with AKP Yusuf SH, 3 March 2017) A similar thing was delivered by Police Brigadier Muhammad Ridhowi, a member of Bhabinkamtibmas police station Kebumen related to participation community:

Not all Public are reluctant to participate. Already there are some communities created within the public to help police in implementation tasks. However of course realize from the aspect source power humans in the society still something low so they still think old ways, or already more formerly afraid see police so they choose method alone in the complete problem. (interview with Ridhowi, March 3, 2017) Besides that AKP Yusuf, SH (interview, 3 March 2017) also added that:

Following criminal gambling lottery that happened in the regional police station Kebumen this sometimes enough troublesome officer in handle it because time and place that is not could specify, in meaning implementation activity gambling the conducted no stay put together places, but in different places as well as no time can make benchmark. Of course need the existence of the role Public in the implementation of Duty, because with Thing the so come true one destination where awake security and order by what is expected.

This thing is by The Cooperation Theory expressed by Roucek and Warren that something form of the social process where inside it there is an activity specifically addressed for reach destination together with each other help and mutual understanding to each activity. As quoted by (Agustin et al., 2020) explains that members of the Police no could work alone without help and participation in society. because of that needed something cooperation between the Police and the Community, because each party each other exchange service that is information through coordination and has the same goal the realization of Kamtibmas.

Based on the theory of Roucek and Warren as quoted by (Agustina et al., 2020) above could the writer convey that to reach something conditions that are safe and
conducive, must cause something connection good emotional Between the police and the public. Interaction social is a process, through act reply from every group, then consecutive Becomes element mover for act reply from another group. This is a reciprocal process, with which one group influences Act in demand reactive the other party and with doing thereby influence Act other people's behavior. Connection emotional the not only in the form of good communication just will but there is form concern from each side good from the police and the public. Like case society that always wants to guard kamtibmas, as well as the police, play a role active in maintaining kamtibmas, feedback this showing that security and order no solely only not quite enough answer police, will but also responsible answer together from all existing elements.

Cooperation between police and society is one factor important To use support effort Bhabinkamtibmas in prevent happening gambling lottery or disease Public other so that conducive kamtibmas which is a hope together could materialize. Coaching by members Bhabinkamtibmas of course with prioritizing principles humanist, accountable and transparent as well as respect high human rights inside the implementation of his job.

Based on the findings of the results writer-related with the performance of Bhabinkamtibmas, sometimes in implementation his job that there is something to be a problem when want to do tasks, such as the case with delivery from Bhabinkamtibmas police station Kebumen City Police Brigadier Muhammad Ridhowi who said:

Of course Correct that we are here sometimes a little difficulty when want to do a task, one is existence limitations existing personnel, making it difficult for us in operating our job, apart from that’s what we have to do to carry not quite enough other answers like where a Bhabinkamtibmas is also coming in problem investigation in the field when existence something problem act criminal. because of Thing this then the existing program namely 1 (one) village 1 (one) Bhabinkamtibmas sometimes can say not fulfilled (adapted from Interview with Police Brigadier Muhammad Ridhowi, 3 March 2017).

Besides that Invisibility Binmas AKP Yusuf SH also added: that:

According to I limitations existing personnel, it can also be said here as blocker member Bhabinkamtibmas in operating his job because in the ranks police station Kebumen whole member Bhabinkamtibmas also for doing Duty others, for example at the Polsek Kebumen there is one Bhabinkamtibmas who concurrently as an investigator. (interview, March 3, 2017)

As a result Interview writer with Invisibility Binmas add a related discussion about performance member Bhabinkamtibmas:

Police Chief Kebumen as a leader here will provide Rewards and Punishment for member Bhabinkamtibmas at Polres Kebumen To use spur spirit performance them. For The accomplished Bhabinkamtibmas so will there is an appreciation, on the other hand, if there is a member of Deep Bhabinkamtibmas who works not by applicable rules or violate
Efforts of Bhabinkamtibmas in Preventing the Criminal Act of Togel Gaming in the Jurisdiction of the Kebumen Police

rules, they will give a penalty to those who have set (interview with AKP Yusuf SH, 3 March 2017).

I was a member of Bhabinkamtibmas at Polsek Kebumen and feel very helpful with the existence Support operational of IDR 1,100,000 where budget the To use used for 22 working days. because of things this according to me, is good where members feel no burdened again with existence support operational, as well as spur performance member Another Bhabinkamtibmas

A member Bhabinkamtibmas here need the qualifications good of them, the most important they must have a good personality, like have mind good character, uphold a sense of justice as well as honest in doing a task, then have the initiative alone in find method for resolve problem happened so from that's hope Public can come true that is awake security and order society (interview with AKP Yusuf SH, 3 March 2017).

As for the abilities that must be owned by member Bhabinkamtibmas in the implementation Duty ideally is as follows (http://bhabinkamtibmas.com, 11 November 2015):

- Ability Optimal Communication
- Skills solve the problem optimally
- skills as a problem solver on the handle

Efforts Made Bhabinkamtibmas In Prevent Happening Follow Criminal Gambling Togel in the Police Legal Territory Kebumen

The efforts among others as follows:

1) Pre-emptive Effort

In preemptive efforts carried out by the Polres Kebumen, done something approach law with prioritizing Polmas and Community Policing programs. Invisibility Binmas AKP Yusuf SH said:

See from the characteristics of people in the district Kebumen, our approach started with religious and community leaders who as our know as elder figures. Besides it also does construction for the Public about message security. Through counseling scheduled held aim to grow the need something awareness to create security and order in society (interview with AKP Yusuf SH, 3 March 2017).

According to AKP Yusuf SH (interview, March 3, 2017) as Invisibility Binmas police station Kebumen about activity Community Development and Empowerment member Binmas as following:

Inactivity, Our Binmas creates programs with prioritizing Community Policing. We also share members in units namely Binkamsa, Binpolmas, Bintibmas, and Upmintu units. Each unit has programs in doing activity counseling, coaching as well as maintenance activity administration. Members who are in the police stations by routine every week report to the police station about the activity as well as events that occur in society so that permanent monitored. Activity Binmas also helped with the existence of the 'One Police One Village' program, where in this program there is a member Binmas attached and doing more approach intensive to society. The existing approach, this so will cultivate the trust of the public in the police.

2) Effort Preventive

Preventive activities alone are a series of actions taken directly to prevent by direct act criminal gambling lottery, so you can remove meet him intention and opportunity To use reduce level rampant gambling happened in the police area Kebumen.

In an interview conducted with member Bhabinkamtibmas police station Kebumen City Brigadier Muhammad Ridho on Friday, March 3, 2017, already many form efforts made Bhabinkamtibmas like his statement as following:

Effort in question is something actions in the form of deliberate effort conducted for could complete something problems that have an impact or expected results. Of course, just in implementation in the field, a member of Bhabinkamtibmas is certain there’s such a thing as a plan To use reach a destination than a task.

Based on the results Interview researcher with Deputy Chief of Police Kebumen Kompol. Umi Maria SIK:

In fact to reach something maximum results that need something good planning process, optimal implementation, and analysis of good activity to determine to step future like what. because of that all something that must be truly planned for the purpose that could be achieved. (interview, 5 March 2015)

Next, there is also a goal police station Kebumen as stated on the mission police station number 2 (two) and number 5, namely:

a. Build partnership with all elements Public To use increase participation Public specifically in Thing give information about have, are or will happening something incident criminal
b. To do cooperation with all component community and institutions/institutions good government nor private To use realize Public obey the law (law-abiding citizens)

Using a directed and appropriate managerial process, the writer juxtaposes with Theory Management from George R Terry related thinking where something destination will come true with existence a Planning (Planning), Organizing (Organizing), Implementation in the field (Actuating) as well as Supervision or Controlling.

1. Planning (planning)

Planning is the earliest stage in implementing the maintenance of the Bhabinkamtibmas Task Manager. The planning stages of this activity are concurrently Bhabinkamtibmas as a whole, such as making a schedule of planning activities that are administratively outlined in the Activity Plan. The following are the contents of the planning activities of Bhabinkamtibmas with Community Leaders in creating a safe, conducive, and free situation from thuggery actions. In planning activity the inside it arranged some Thing related implementation such as:

a. Introduction
b. Purpose and Objectives
c. Legal Basis
d. Implementation
That thing elaborated by Bhabinkamtibmas Ward Kebumen, Police Brigadier Muhammad Ridhowi as following:

Before doing activities, usually, the thing I do is make planning to make Ren Enterprising. Ren is active the I for in form daily, weekly, to monthly. Making active ren it's also based on the real schedule already I set. That thing I do so that the plans that have been scheduled no change in the middle Street because constraint certain, such as there is a sudden village event, or maybe also the occasional Polres event suddenly. (interview, March 3, 2017)

2. Organizing

Stage organizing is a form of the activities carried on by a leader, in Thing this Police Chief, against planned activities that have been made. At stage this, the police chief makes a letter order as a form of legality or base for member Bhabinkamtibmas in doing the task. This was also clarified by Brigadier Urip Tjahyono on the day Friday, March 3, 2017, below the statement

Of course letter order from the police chief, it’s very important for I in on duty as a Bhabinkamtibmas, because based on a letter that’s I can do an activity like talk, talk, or activity with others. So that all something activity I with society can coordinate with easy (interview, March 3, 2017).

By Book Standard Operational Procedure About Implementation Task Bhabinkamtibmas in the village/ kelurahan that is on duty as mediator, negotiator, and facilitator in skeleton give optimal service to the Public at a time as a problem solver when there is a problem that must be handled by sociology law by member Bhabinkamtibmas.

3. Implementation (Actuating)

Implementation according to GR Terry is to make all member groups want to work the same to reach the destination by planning and efforts organizing. Besides, that’s also for giving direction and motivation to members to be able to do the assigned task. The role of the police chief here is instruct to whole its members so that doing Duty must be accompanied by high enthusiasm and motivation. Following results Interview writer with police chief Kebumen City IPTU Mardi SH MM on March 3rd, 2017:

In the implementation activity Bhabinkamtibmas in the field, usually, I give a little instruction or attention to the whole member Bhabinkamtibmas in Polsek Kebumen. Besides, giving instructions, I also give a little motivation to members so that they spirit in doing their job (Interview, March 3, 2017)

When linked with writing thesis this so before doing activity environment community, police chief as leadership, give instruction nor instruction to personnel in AAP form. In activities, this leader instructs personnel to work in sincere and willing work same as well as a spirit for reaching the destination by planning and organizing that has been done.
Besides that, Invisibility Binmas AKP Yusuf SH also added:

Besides work same, according to limitations existing personnel, it can also be said here as blocker member Bhabinkamtibmas in operating his job because in the ranks police station Kebumen whole member Bhabinkamtibmas also for doing Duty others, for example at the Polsek Kebumen there is one Bhabinkamtibmas who concurrently as an investigator. (interview, March 3, 2017).

4. Controlling

It is one of the management functions to monitor activities to ensure activities are carried out properly and for correct deviations. Bhabinkamtibmas here occasionally conduct inspections with direct visits to the village/village as a function of direct supervision and control so that the community has a level of legal awareness without having to supervise the presence of Bhabinkamtibmas there. To carry out tasks in the future, it can be better and by what is expected.

Usually, here I occasionally visit the assisted villages/villages to monitor ongoing activities carried out by the community, whether coordinated or not. In addition, he also added related to the results of the analysis and evaluation of the implementation of Bhabinkamtibmas which was taken over by the Kebumen Police Chief.

Talking about the results of the evaluation of the implementation of the Bhabinkamtibmas Task, usually, the National Police Chief within 1 month conducts an apple with all members of the Bhabinkamtibmas at Polres Kebumen.

The lottery gambling situation that occurred in the Kebumen Regency area is something that must be a concern for both the Police as law enforcers and the Kebumen community itself. Based on the results of research conducted in the jurisdiction of the Kebumen Police, the gambling rate that occurs there is quite high, especially in lottery gambling. In the last 3 years, gambling crimes that have occurred in Kebumen have dominated compared to other types of crime.
